

New in The RFID Shop

September 2018

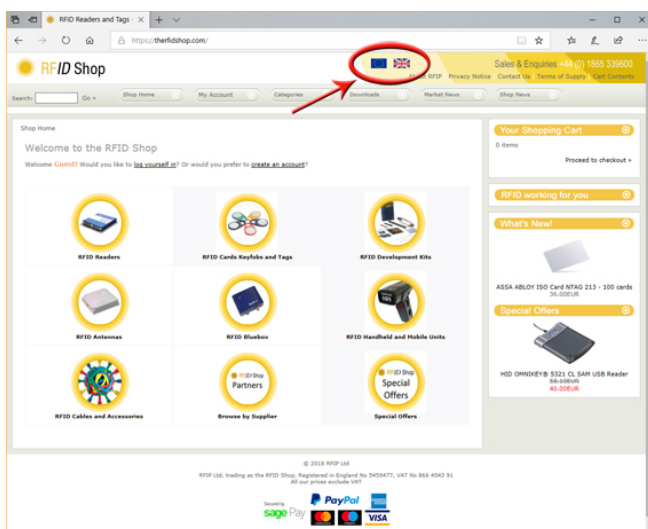

We have made improvements to our website for our European customers

Enter your VAT number to avoid being charged VAT at check out

Our European business customers are now able to enter their VAT number in their customer details on their account.

This speeds up the processing of VAT free orders on our website.

£ or €

Please also remember that you can choose between two currencies on our website:

You can choose to have your order processed either in Euros or in GBP.
